customersupport-mb@agi.ca
www.acklandsgrainger.com

Supplier of Extech environmental monitoring equipment such as the Extech thermo hygrometer

Dylos Corporation

2900 Adams Street, Unit C38
Riverside, CA USA 92504
(951) 351 2730

<http://www.dylosproducts.com/ornodcproair.html>

Dylos DC1100 loggers can be used to monitor the dust, which is especially useful during major construction projects. The monitors measure two sizes of particulate in real time and plot the data on the computer so you can see what is happening. They are linked to micro CPU's to provide remote access to the data. Easily understandable graphs show significant peaks in the amount of particulate that can be compared with times that construction was taking place.

Probe Industrial Electronics Ltd.,

1874 Portage Ave., Winnipeg, MB
Tel: 204-885-9320 / Fax: 204-888-7551

Steinbach: 1- 204-346-5222
<https://horizonhasit.ca/>

Food Grade diatomaceous earth is considered an insecticide, though it is also safe enough to be ingested by humans. In heritage building renovations, diatomaceous earth can be placed in wall cavities as a low-tech form of pest control. The product is not harmful in and of itself, but a nuisance dust mask should be worn by anyone applying it.

Price as of spring 2021: \$42.95 per 22.7 K/50 lb bag

Aviva Natural Health Solutions

Intercept Silver and Jewellery

8500 North Mopac Expressway

Austin, Texas 78759

Toll Free: 888-668-7674

Phone: 512-761-3388

<https://interceptjewelrycare.com>

Corrosion Intercept and Static Intercept products neutralize atmospheric gasses that cause tarnishing of metals and prevent silver tarnish for up to 30 years. They are clean, non-abrasive, non-toxic and environmentally friendly. Intercept does not contain charcoals, oils, or volatile corrosion inhibitors, does not leave deposits on items it protects, is temperature and humidity independent, and breaks down to a polymer dust in a landfill. Products include bags, strips, tabs and cabinet filtration units.
